## Overview of Workshops

### Tracking Records and Reporting —ADAD 107

One of the primary tasks of the club secretary is to keep all kinds of records and reports. This session will explain what these are, how to keep them and why they are important. The session will also cover conference required reports and what they are used for. Tracking options (online versus paper) will be presented.

### Annual Calendar Development—ADAD 108

Planning and sticking to the annual calendar is one of the most important challenges for a club. The secretary has a critical role in assisting the director with developing the calendar, promoting the events, announcing changes and watching out for conflicts. The calendar has to integrate the local church and school calendars, national holidays and personal calendars, and in some cases work around the conference and other youth events. Then club events, activities, stars, chips, and awards, worship speakers etc. can be worked into a more detailed calendar. Board approval of the calendar is critical to make sure the events are covered by the church's insurance. Methods of distribution and updating will also be discussed.

### Forms: Health and Medical, Permission, Volunteer and Vehicle Driver—ADAD 109

Distributing, collecting, and keeping forms are an important part of the secretary's role in assisting the club director. This session will cover confidentiality and what the various forms are, along with techniques for getting them completed and returned. It will offer suggestions on how to store, protect, and properly dispose of them, while providing the needed information to the club director and other appropriate individuals. Forms include: volunteer staff service forms, medical history and consent forms, food preference and allergy forms, conference registration, event registrations, accident/incident form, etc.

### Practical Communication—CMME 104

The session will address the advantages and disadvantages of public announcements, flyers, posters, e-mail, social media, phone calls, text messages, and face to face presentations. Attendees will develop a communication action plan for their own club during the session.

### Handling Finances—FINA 100

This workshop introduces the basic information needed to keep accurate financial records for your ministry. Topics include collecting dues and fees, proper receipting, issues with separate bank accounts from the church, the importance of reconcile accounting records between the ministry and the church and dealing with accounts receivable.

### Introduction to Budgeting—FINA 101

This workshop focuses on the steps needed to prepare a budget. You will learn how to determine sources of income and how to plan for expenses. The workshop will include discussions about programming options that will affect your budget, such as renting uniforms to adventurers rather than requiring them to purchase

it, various dues systems, pay as you go (self-funded) events, and yearly budgeting to attend area and conference events.

### Introduction to Fundraising—FINA 110

This workshop presents an introduction to fundraising principles and will address issues regarding why to fundraise and who to reach out to for funding. The session will explore appropriate and successful ideas clubs have used for fundraising activities, guidelines to consider, and safety concerns.

## Required Fieldwork

1. Participate in the development of your club’s annual calendar. Distribute to staff, parents, schools, coordinator and conference.
2. Participate in the development of your club’s annual budget.
3. Get a mentor’s assistance, and collect information for and complete at least six monthly reports of your club’s activities. Submit them to your conference.
4. Get a mentor’s assistance, and collect and organize forms related to the administration of a local club, including but not limited to: health and medical records, permission slips, volunteer staff service forms, etc.
4. Get church treasurer’s assistance, and collect and track club funds and manage payments and reimbursements according to your local church policies.
5. Create a portfolio that contains copies of your notes, plans and work. Include handouts from the workshops you attended and your personal notes.

## Portfolios

The Secretary/Treasurer certification requires a portfolio documenting the journey, progress, lessons learned, and completion of requirements.

The portfolio should include a completed certification check sheet and evidence confirming requirement completion. This evidence can come in the form of signed class cards or sign in sheets, class handouts and/or photographs of participants involved in or

leading, and proof of applicable research and projects completed as required fieldwork.

The purpose of the portfolio is not only to show completion of all the certification requirements, but it is also to be an authoritative referral source when faced with similar issues in the future.

The physical portfolio can be a three ring binder or folder in which all materials are kept. Fully digital data collection is also acceptable.

The content is what counts, not the form of the content. It should be well organized and easy to check over. Items should be labeled for easy connection to a specific requirement. The form will vary according to the personality and style of the participant.

### Portfolio Review

The purpose of the review is to confirm completion of the requirements. It is not to require conformity to any system requiring specific format style or presentation.

Portfolios are reviewed with a simple pass/fail. A failed portfolio will be returned to the participant with a written explanation of what needs to be added, corrected or completed to prove completion of the certification requirements. Portfolios that pass should also be returned to the participant in a timely manner.

Review of completed portfolios will be done by an invested Master Guide appointed by the conference youth director or their designee.

## Recognition of Completion

Everyone likes to have their efforts recognized. Adventurer leaders who put in untold hours of prayer, planning, counseling, and training are no exception.

Upon successful review of the portfolio, the participant is eligible to receive an enameled pin and certificate of completion.

## CHILD PROTECTION PLAN RESOURCES

### Seventh-day Adventist Church in North America

## NAD - YOUTH/CHILDREN'S MINISTRY VOLUNTEER CODE OF CONDUCT

### Acknowledgment

Because I want the best possible environment for our children and youth to grow up in, it is important that those working with children have guidelines for conduct in order to protect both themselves and those under their care. As a ministry volunteer, I want parents and others to feel comfortable and confident with me.

### My Commitment to Volunteer Ministry

#### As a Youth/Children's Ministry Volunteer, I will:

1. Provide appropriate adult supervision at all times for the children for whom I am responsible.
2. Have at least one other adult, eighteen (18) years of age or older, to help with the supervision of children. If I find myself in a situation where I am the only adult present, under no circumstances will I allow myself to be alone with one child (the "two-person rule"). This protects the child as well as protecting the adult from possible allegations.
3. Ask a child's permission before physically touching him/her anywhere, even when responding to an injury or problem. This is especially true for any areas that would normally be covered by a T-shirt and/or shorts. If an injury is within this area, make sure another adult works with you as care is provided.
4. Refrain from physical and verbal attacks and corporal punishment which are inappropriate behaviors and should never be used as discipline. "Time outs" or "sit-in-that-chair" may be helpful discipline methods to use with children.
5. Affirm children with appropriate touching by keeping hugs brief and "shoulder-to-shoulder" or "side-to-side." I will keep hands at (not below) the shoulder level. For small children who like to sit on laps, I will encourage them to sit next to me.
6. Provide extra care when taking small children to the restroom. I will take another adult along, or leave the door open.
7. Be aware of conducting activities in rooms that do not have an interior viewing area, or I will leave the door open during the activity to allow easy observation by others.
8. Cooperate with the volunteer screening process and complete the Volunteer Ministry Information form, as required by the church.
9. Be aware of the signs and symptoms of child abuse and aware of the legal requirements for reporting suspected cases of abuse. In addition to any legally required reporting, I agree that if I become aware of any behavior by

another individual which seems abusive or inappropriate towards children I am supervising, I will report that behavior to the church pastor, elder, or directly to the Conference Treasurer's or Risk Management Director.

10. Cooperate with church leadership in conducting children and youth ministries by being a volunteer who is loving, kind, firm, and always a thoroughly professional person. Working with children and youth is not only a privilege; it is also a serious responsibility that must be approached with utmost care.
11. Participate in orientation and training programs conducted by the church.
12. Uphold the standards of the Seventh-day Adventist Church.

\* In the event I find it impossible to comply with the above, I will comply as closely as possible with the Code of Conduct and act in good faith for the welfare of the people involved.

**Thank You for your service as a Youth/Children's Ministry Volunteer  
Please retain a copy of this document and keep it for reference.**
