An Overview of the Investiture Achievement Curriculum

The Friend level of Investiture Achievement is for Pathfinders in the 5th grade. As you review the requirements, you will see that they are aligned with our curriculum objectives, best practices in education and Pathfinder ministry goals. Throughout the curriculum special focus was given to creating age-appropriate requirements and building a series of requirements that is sequenced from year to year, allowing the Pathfinder to build on the skills previously learned.

The Investiture Achievement requirements are divided into eight sections. Requirements can be met in a variety of ways based on how the individual Pathfinder learns best. Each year that a Pathfinder is Invested and advances to the next level the sections remain the same as the previous year. However, the activities to fulfill the requirements change in order to allow each Pathfinder the opportunities to participate in new experiences and challenges and to practice skills and use information previously learned.

This Investiture Achievement curriculum is designed to create an ongoing learning environment. To maximize the success for each Pathfinder, club directors, instructors and all Pathfinder staff must intentionally:

- Inspire and motivate Pathfinders.
- Emphasize quality, not quantity, of learning.
- Establish a base of knowledge that can be built on in following levels.
- Allocate time to practice new concepts and skills.
- Aim for understanding rather than memorization.
- Consider developmental and individual abilities of each Pathfinder.
- Employ effective and flexible strategies to aid learning.
- Use concrete and meaningful activities.

On the following pages you will see an overview of the entire curriculum followed by specific ideas you can use to complete each requirement for the Friend Level.

Visit www.InvestitureAchievement.com for many more teaching ideas on the wiki. You will also find free downloads that will help you keep track of what each of your Pathfinders have completed www.investitureachievement.com

2. Bring someone who does not regularly attend church to a church program or activity.

### Making Friends

1. Discover 10 qualities of being a good friend and share two that are most important to you.

2. Fulfill requirements #1, #2 and #3 of the Christian Citizenship Honor.

**Advanced for Making Friends**

1. Complete Friend requirements.

2. Complete the Christian Citizenship Honor, if not previously earned.

### Health and Fitness

1. Learn the value of good nutrition & water by discussing:
   - The Choose My Plate guidelines
   - The daily servings for each food group
   - The importance of a balanced diet
   - The importance of drinking a healthy amount of water (these are requirements #1 and #6 of the Nutrition Honor)

2. Earn the Red Alert Honor.

3. Complete the Basic Water Safety OR Beginner Swimming Honor, if not previously earned.

**Advanced for Health and Fitness**

1. Complete the Friend requirements.

2. Participate in a lifestyle fitness program for your age such as:
   - President’s Challenge Active Lifestyle Program
   - Live Healthy Bermuda Kids
   - Or similar program

### Nature Study

1. a. Read Rom. 1:19, 20 and tell how nature reveals God’s character.
   b. Find two other chapters in the Bible that demonstrate how nature reveals God’s character.

2. **Bird/Mammals** Set up a feeding station for the birds or mammals. Report on the types of visitors you observe for one week.

**Advanced for Nature Study**

1. Complete the Friend requirements.

2. **Seeds or Amphibians/Reptiles** Collect and identify 15 different kinds of seeds. OR Help set up and observe a terrarium for amphibians/reptiles.

3. Complete a nature honor at your skill level, not previously earned. (Skill level 1)

2. Complete one honor at your skill level, not previously earned, in the area of Recreational, Vocational, or Outdoor Industries. (Skill level 1)
Goals for this Track:

- Achievement levels are grade assigned
- Develop a relationship with God through a daily study of His word and prayer
- Embrace the Pathfinder/AY lifestyle

1. Be in Grade 5 or its equivalent.
   Friend is written on a fifth grade level and follows the voted actions of the North American Division Pathfinder Committee that Friend begin for those going into the fifth grade.

2. a. Develop your devotional life by studying the Weekly Devotional Guide (Weeks 1 - 13) and the book of Matthew utilizing printed or electronic resources. (See appendix)

Teaching Tip

The purpose of this requirement is to have the Pathfinders connect with God each day and to help them establish a lifelong habit of personal devotions. Encourage the Pathfinders to reflect on the Bible passages and not simply rush through this requirement. By reading the thirteen week devotional guide for Friend, the Pathfinders should gain a broader view of the Bible. The purpose for reading the book of Matthew is to introduce the Pathfinders to Jesus' teachings, actions, parables, miracles and to the Kingdom of Heaven.

a. Journal your thoughts by asking these questions:
   “What did I learn about God?”
   “What did I learn about myself?”
   “How can I apply this to my life today?”

   You may journal through writing, drawing or electronic process.

Teaching Tip

Encourage the Pathfinders to journal in a way that reflects their creative style. By responding to the study questions, they will need to think about the meaning of the verses and how they may apply what they have learned to their lives.
3. Memorize the Pathfinder Pledge & Law.

### The Pathfinder Pledge

### Teaching Tip

Every young person should have codes by which to shape his/her life. For the Adventist youth, the Pathfinder Pledge and Law are these codes. They must be learned and their principles put into practice.
4. **Learn the Pathfinder Song. (See appendix)**

Oh, we are the Pathfinder strong,
The servants of God are we
Faithful as we march along,
In kindness, truth, and purity
A message to tell to the world
A truth that will set us free,
King Jesus the Savior's coming back
For you, and me!

**Teaching Tip**

Encourage the Pathfinders to complete this requirement using a memorization technique that fits their learning style.

Examples of memorization techniques:

- Acronyms
- Acrostics
- Flash cards
- Grouping
- Keywords
- Repetition
- Visualization
- Word association
Goals for this Track:

- Encourage spiritual growth through a discovery of the Bible and Christian History

1. a. Memorize in order the names of the New Testament books of the Bible and know the four areas into which the books are grouped. (See appendix).

Teaching Tip

Repetition and association are among the best methods to improve memorization.

A fun way of learning the books of the New Testament is with a song. However, encourage the Pathfinders to complete this requirement using a memorization technique that best fits their learning style.

Books of the Bible song:

- Vocals only
  - http://www.youtube.com/watch?v=LRnYaf-RDeI#t=57
- Contemporary with percussions
  - http://www.youtube.com/watch?v=qycXFCildL8

Examples of memorization techniques:

- Acronyms
- Songs
- Flash cards
- Grouping
- Keywords
- Repetition
- Visualization
- Word association
b. Demonstrate your ability to find any New Testament Book.

Teaching Tip
This requirement can be incorporated as an outdoor activity for a Pathfinder Sabbath or campout. For example, have the names of the books of the New Testament written on cards, mix them up, place the cards on a table, and then have the Pathfinders place the cards in order.

Another way of making this requirement interesting is to have a Bible Sword Drill. (See appendix)

2. a. Memorize a Bible text for the following subjects.

**Goals for this Track:**
- Engage participants in active service

**Teaching Tip**

**Resource**
- SDA Bible Commentary
- Websites such as twopaths.com/jappen.htm
  http://www.oaksbible.org/Contents/IX_Chronology.pdf
Serving Others

- Connect participants to the community
- Engage participants in friendship evangelism
- Connect participants to their church

1. In consultation with your leader, plan ways and find opportunities to spend time being a friend with someone in need.

**Teaching Tip**

Here are a few ideas for meeting the needs of those in need:

- Donate time or non-perishable food items to your local food bank.
- Participate in an activity organized for individuals with special needs.
- Organize a coat, glove, or scarf drive for your local center for people in need.
- Volunteer at your local community garden.
- Start a charity hat project for cancer patients.
- Volunteer to read and record books for the blind.
- Visit a friend or church member.
- Walk an elderly neighbor’s dog or help them take care of their pet for some time.
- Volunteer at your local soup kitchen.
- Visit someone you know who is sick or in the hospital.

2. Spend at least four hours participating in projects that benefit the church or school.

**Teaching Tip**

Possible school projects:
- Plant and care for flower beds
- Clean and fix up restroom facilities
- Help arrange and care for the library
- Start a “collections” library of nature items, historic items, etc.

Possible church projects:
- Improve church grounds
- Participate in a remodeling project
- Help with custodial duties
- Plant a “giveaway” community garden

- The Bible
- Internet: Search for community service ideas and resources
Advanced for Serving Others

1. **Complete Friend requirements.**
   The Trail Friend requirements may be done simultaneously with the Friend requirements. However, both the Trail Friend requirements and the Friend requirements must be completed in order to be invested as a Trail Friend.

2. **Bring someone who does not regularly attend church to a church program or activity.**

   **Teaching Tip**
   Encourage the Pathfinders to invite a non-Adventist friend to attend a church or club activity. These activities may include, but are not limited to: church social, picnic, fellowship dinner, or VBS program.
Goals for this Track:
• Develop a relationship with God that fosters positive friendships, strong moral values, and civic responsibility.

1. Discover 10 qualities of being a good friend and share two that are most important to you.

b. Activities or games to teach these qualities

c. Comments by Ellen White on the qualities of true friendship:
   1. “Speak often words that will be...an inspiration. When one is in trouble, ...speak comforting words to him. This is true friendship.” *Bible Commentary*, Vol. 7, pg. 928.
   2. “While the Christian will be ever kind, compassionate, and forgiving, he can feel no harmony with sin.” 5T, pg. 171
   3. “Men and women are not fulfilling the design of God when they simply express affection for their own family circle, for their rich relatives and friends, while they exclude those from their love whom they could comfort and bless...” *Welfare Ministry*, pg 159.
   4. “Their best friend is Jesus. He did not withhold His own life from them, but for their sakes became poor, that through His poverty they might be made rich.” 4T, pg 481.
   5. “The spirit of gossip and talebearing is one of Satan’s special agencies to sow discord and strife, to separate friends...”. 4T, pg 195.
   6. “[Christ] lifts men from the narrow circle that their selfishness prescribes; He abolishes all territorial lines and artificial distinctions of society. He makes no difference between neighbors and strangers, friends and enemies.” *Mount of Blessings*, pg 42.
   7. “Satan is constantly seeking the ruin of those who are ignorant concerning his devices yet feel no special need of the prayers and counsel of experienced and godly friends.” 4T, pg 207.
   8. “The Lord did not leave you to perish. He frequently raised up friends to aid you when you least expected it.” 2T, pg 270.
   9. “In the joy of his new discipleship, Matthew longed to bring his former associates to Jesus. Accordingly, he made a feast at his own house...” *Desire of Ages*, pgs 273-274.
   10. “...The hasty temper, the fretfulness, envy, or jealousy...these evil traits of character bring great unhappiness to their possessors. How many fail to receive from...friends the love which they might have if they were more amiable.” *Fundamentals of Christian Education*, pg 67.

2. Fulfill requirements #1, #2, and #3 of the Christian Citizenship Honor. (See appendix)
Advanced for Making Friends

1. **Complete Friend requirements.**
   The Trail Friend requirements may be done simultaneously with the Friend requirements. However, both the Trail Friend requirements and the Friend requirements must be completed in order to be invested as a Trail Friend.

2. **Complete the Christian Citizenship Honor, if not previously earned.** (See appendix)
Goals for this Track:

- Apply health and fitness principles that will benefit the participant for a lifetime.
- Learn and practice safety procedures, first aid and rescue skills.

1. Learn the value of good nutrition and water by discussing and/or participating in the activities listed below:

   - The Choose My Plate Dietary guidelines
   - The daily servings for each food group
   - The importance of a balanced diet
   - The importance of drinking a healthy amount of water (these are requirements #1 and #6 of the Nutrition honor).

   Good health depends largely on good nutrition and consuming the necessary amount of water for proper organ function. The goal for healthy eating is to make sure the participants understand how to make good food choices and understand what constitutes a serving size. Explain the Choose My Plate Dietary guidelines in terms that they will understand and have the Pathfinders build a balanced plate using the current guidelines.

   For an entire week, have the Pathfinders put the daily recommended amount of water in a large container and drink from it for the day.

   Resource
   - www.choosemyplate.gov
   - www.fruitsandveggiesmatter.gov

2. Earn the Red Alert Honor. (See appendix)

3. Complete the Basic Water Safety OR Beginner Swimming Honor, if not previously earned. (See appendix)
Advanced for Health and Fitness

1. **Complete Friend Requirements.**
   The Trail Friend requirements may be done simultaneously with the Friend requirements. However, both the Trail Friend requirements and the Friend requirements must be completed in order to be invested as a Trail Friend.

2. **Participate in a lifestyle fitness program for your age such as:**
   - President’s Challenge Active Lifestyle Program - www.presidentschallenge.org
   - Live Healthy Bermuda Kids - http://www.livehealthybermuda.org
   - Or a similar program
Goals for this Track:
• Develop an understanding of God, the Creator of all things, through the study and observation of His Creation.

1. a. Read Rom. 1:19, 20 and tell how nature reveals God's character.
   b. Find two other chapters in the Bible that demonstrate how nature reveals God's character.

2. Bird/Mammals: Set up a feeding station for the birds or mammals. Report on the types of visitors you observe for one week. (See appendix)

Teaching Tip

Resource
- Psalm 8
- Psalm 19
- Psalm 138
- Job 38

Feeding stations may be bird feeders, salt licks, or other foods to attract wildlife. The Animal Tracking Honor suggests a large carefully smoothed semi-soft mud area with food placed in the center. The tracks of approaching animals will serve to make good plaster cast.

Visitor identification should be as accurate as possible, using proper field guides.

You will discover that animals don’t often arrive within hours of setup time. You may need to wait for days or a week or more before results start to come in. (If a group member already has the Bird, Mammal, or Animal Tracking Honor, he/she will make an excellent instructor for this requirement.)
Advanced for Nature Study

1. **Complete Friend requirements.**
   The Trail Friend requirements may be done simultaneously with the Friend requirements. However, both the Trail Friend requirements and the Friend requirements must be completed in order to be invested as a Trail Friend.

2. **Seeds or Amphibians/Reptiles:** Collect and identify 15 different kinds of seeds **OR** help set up and observe a terrarium for amphibians/reptiles. **(See appendix)**

   **Teaching Tip**
   
   Seed collecting can start in the kitchen or at the dinner table. Often new foods are bought and eaten (tasted) just to get the seeds for a collection. And don’t forget, the fun started in this requirement can continue right into the Seed honor. Seeds obtained from fresh foods need to be laid out to dry before being included in the collection. Seeds are best mounted for display in small vials, glued to heavy cardboard or plywood.

   Terrariums may range from 2 ½ gallons and up (aquariums without the water). Pet shops have a wide assortment of supplies, “critters”, and pamphlets giving you all the necessary information. Pet shop “critters” are recommended over wild ones because generally they have already been acclimated or are captive bred and therefore are already used to food being offered. Wild animals don’t always make the transition successfully.

Bible Sword Drill

Instructions:

1. Select participants:
   • Two Pathfinders to hold the rope.
   • As many Pathfinders as desired.

2. Participants will form one straight line behind a rope held immediately in front of them approximately 30 inches from the floor. Their Bible is to be held (sheathed) under their left arm.

3. Leaders will give the commands: “ATTENTION: “DRAW SWORDS”. Participants quickly bring their right hand across their body-draw their sword (Bible) and hold it in front of them, closed, waist high, ready to find the reference.

4. Leader announces the reference, eg: “The Book of mark” (begin with the well-know books), or ask for a book from one of the sections, eg: gospels, letters. The exercise becomes more difficult as you call the smaller books, or ask for specific chapter and verse.

5. No participant moves until the order is given: “CHARGE”. The rope is dropped to their feet while the participants quickly find the reference. Immediately the reference is found, they take one pace forward, keeping one hand on the open page of the Bible.

6. A ten second time limit is given from the command “CHARGE” to find the reference and step one pace forward. (Vary the time limit to suit the experience of your group).

7. The timekeeper will call “TIME” as the time limit expires. The rope will immediately be raised, perhaps catching some participants part way across. They should return behind the line.

8. Each participant who steps across the line before the time limit is reached is a winner.

9. An appointed judge will inspect the references.

10. An award of two points can be given to each winner. See who is the first to get to twenty.

11. Leader shall call “ONE PACE BACKWARD MARCH”. Ropekeepers shall lower the rope and raise it again after the participants have crossed it.

12. Leader shall call “SHEATH SWORDS”. Participants quickly tuck their Bibles under their left arm and return right hand to their side.

13. Ready now to repeat activity from “DRAW SWORDS”.
Amphibians

1. What are the characteristics of amphibians?
2. Name the two main orders of amphibia and tell how to distinguish between them.
3. Distinguish between toads and frogs.
4. How do amphibians protect themselves?
5. Make a list of amphibians that should be found in your locality. Identify five and tell where you found them. OR Collect pictures or sketch five different amphibians which you can identify and tell where they are found.
6. Describe the life history of some amphibian.
7. Explain the economic value of amphibians.
8. Where do toads spend the winter or dry season?
9. Identify two species of frogs by their sound or imitate the sounds of two different species of frogs.
10. How do frogs and toads sing? What makes the noise so loud?
11. Do one of the following:
   a. Observe a toad in your yard or neighborhood to find out.
      (1) Where and when it sleeps,
      (2) When it leaves its home for food,
      (3) How fast it can travel,
      (4) How far it can jump, and as many other interesting things as you can find out about it, and write an essay covering the details requested in the first section of this question.
   b. Hatch some amphibian eggs and watch them through their growth cycle and write an essay covering the details.

Skill Level 1

Original Honor 1945
Amphibians, Advanced

1. Have the Amphibians Honor

   **Note:** Must have completed all requirements for the Amphibians Honor prior to working on this next level.

2. Design and carry out a study project based on natural or captive observation of a selected amphibian(s) and write a paper on the conclusions arrived at during the study. The parameters of the study should involve a minimum of 25 hours of actual observation time and no more than a maximum total duration of one season. Intentional harm/death of the study target is not permitted.

   **Note:** Most amphibian species have had very little research carried out on them. It is a field wide open for study of even some of the simplest elements. For example, very little data exists on the seasonal activities of frogs and the climatic factors that influence them. When does chorusing begin and stop, when does it reach its highest volume, what are the atmospheric conditions and variations associated with these? What are the dates for egg laying, hatching, transformation? What are the growth rates, age of sexual maturity, average and maximum longevity, duration of breeding behavior, courtship behavior, rate of dispersal, location of brumation or estivation sites? Little is known about homing ability, territorial maintenance, interaction during breeding and non-breeding times, and many other issues. It is indeed a field wide open to the curious and fascinated.

**Skill Level 3**

Original Honor 2001
Basic Water Safety

Reason for the new honor - Beginner’s Swimming Honor is based on the Red Cross level 3 requirements. With recent changes to the level 3, it is now impossible for a club to do the Beginner’s Swimming Honor in a backyard pool. Level 3 requires a pool to be 9 foot deep. The desire of the Investiture Achievement Committee was to require a swimming level to be taught in order to protect our Youth from drowning.

Therefore the proposed Basic Water Safety Honor is based on elements from the Red Cross Levels 1 & 2 but adapting those requirements that can be done in a backyard pool (being 2-3 feet deep) under adult supervision, not necessarily using a lifeguard or water safety instructor. For safety and in case of an emergency, always have an adult observing all participants who is not part of the teaching process. Resources: YouTube videos show how to teach many of these requirements

1. Enter and exit the water un-assisted.
   The point is to teach how to get in and out of a pool without assistance and safely.

2. While holding your breath, fully submerge your face under water for five seconds.
   This can be done by sitting on the bottom or by bending over and putting just the face in the water, as long as the full face stays covered for the full time.

3. Alternately inhale through the mouth above the surface and blow bubbles through the mouth/nose, with face completely submerged, seven time rhythmically and continuously.
   This is called Rhythmic Breathing. It can be accomplished by bobbing up and down if the pool is deep enough or by leaning over and putting the face in the water to blow the bubbles, then lifting the head or turning the head for the breath, then placing the face back in the water to blow the bubbles again. This is not to be done quickly but over at least two seconds blow the air out then take a full breath of air to blow again. This teaches breath control.

4. Open your eyes under water and retrieve submerged objects two times.
   This is to practice breath control while giving them a purpose and helping them to feel more comfortable under water.

5. Front float for five seconds.
   Lean forward with both arms stretched out above head with fingers straight and hands open. Take a deep breath and continue leaning forward until body is parallel with the bottom of pool and face is in the water. To prevent water getting in the nose, blow bubbles out the nose slowly. If you start to sink, kick your legs a few times and move arms back and forth. When through, feel bottom of pool and stand up.

6. Front glide for two body lengths.
   Follow the instructions for the front float but push off to get momentum to glide. If the pool is not big enough for two body lengths, go from one side of the pool to the other.

   While supporting the head/back, have them lay back in the water with arms out and legs out. Have them lay head back. Do not let them go until they are ready and say it is ok. Have them keep lungs as full as possible.
8. Holding on to the side of the pool, kick with your feet for twenty seconds.
   The purpose is to build endurance and practice technique in a pool that may not be
   large enough to swim in. The recommended kick is the flutter kick. Keep knees as
   straight as possible, bending at the waist. If the pool is to shallow the frog kick that
   is part of the breaststroke may be used.

9. Using arm and leg motion, swim five body lengths.
   No particular stroke is required. If the pool is shallow, do the best they can. They
   may have to go back and forth in the pool to get five body lengths.

10. Learn to put on a Life Jacket and float for thirty seconds.
    Not only is it important to learn how to put on a Life Jacket but also learn to trust
    that it will hold the one wearing it up.

11. Demonstrate water safety by:
    a. How to call for help in case of an emergency.
    b. Learn how to release a cramp.
    c. Demonstrate reaching assist.
       Can use a towel, rope, shirt, umbrella, arm or leg to reach out to someone
       who is in need of help without getting in the water to help them
    d. Learn at least ten safety rules when around water.
       1) May include: Never swim alone.
       2) Do not swim without an adult or lifeguard present.
       3) Always ask permission.
       4) Do not run near water.
       5) No pushing.
       6) No diving except where it is safe.
       7) Do not jump in close to others.
       8) Wear sunscreen and limit exposure to sun.
       9) Do not swim if lightning is possible.
      10) Do not enter water over your head until you can swim well.
      11) Do not dunk another person.

**Skill Level 1**

New in 2011
Birds

1. Give two characteristics which set birds apart from all other creatures.

2. Name three flightless birds, tell what their diet consists of, and name the country or continent in which each one lives.

3. Give the day of the week when birds were created. Find in the Bible the names of five birds and be able to name them from memory.

4. Write or give orally three ways in which God’s love and purpose is shown in the creation of birds.

5. Make a list of thirty species of wild birds, including birds from at least five different orders, that you personally have observed and positively identified by sight out of doors.

6. Make a list of five species of wild birds that you personally have positively identified by sound out of doors.

7. Do one of the following:
   a. Set up a feeding station and report on the bird visitors observed for a period of seven days.
   b. Find a bird’s nest, during the nesting season, identify the species of bird that built it, describe the nest in detail, observe the nest for five days, and report what happened at the nest on each of the days.
   c. In the Western Hemisphere: Maintain a hummingbird feeder for 2 months.
      (1) What does man-made nectar consist of?
      (2) Why shouldn’t you use food coloring or honey?
      (3) When should the feeder fluid be changed?
      (4) How should the feeder be cared for?
   d. In other areas of the world: Select at least three different habitats in your area and make comparative bird lists of them indicating the differences in birds expected and found.

Skill Level 1

Original Honor 1928
Birds, Advanced

1. Have the Birds Honor.
2. Know the laws protecting birds in your state, province, or country.
3. Describe a bird accurately by using standard names for each part of its body.
4. Find answers to either a. OR b.
   a. In what ways are the feet, legs, and beak of birds variously modified to adapt them to their environment?
   b. On hummingbirds:
      (1) What do hummingbirds eat in the wild and how often?
      (2) Why aren’t hummingbirds afraid of large mammals or birds?
      (3) How do their wings move differently from other birds?
      (4) How fast do they fly?
      (5) How fast do the wings and heart beat?
      (6) How is the tongue shaped?
5. Identify on a bird’s wing the primaries, secondaries, coverts, axillars, and alulae.
6. Describe the functions and purposes of bird banding, telling in particular how banding contributes to our knowledge about bird movements.
7. Name the main migratory bird flyways used by birds on your continent.
8. Give the migration routes and terminal destinations for ten different migratory bird species.
9. Describe at least three different ways that birds are able to orient themselves in their movements across the globe.
10. Make a list of 60 species of wild birds, including birds from at least ten different families, that you personally have observed and positively identified by sight out of doors. For each species on this list note the following:
    a. Name
    b. Date observed
    c. Place observed
    d. Habitat (i.e., field, woods, river, lake, etc.)
    e. Status where observed (permanent resident, winter resident, summer resident, migrant, vagrant)
11. Present lists of birds, showing the greatest number of species seen out of doors in:
    a. One day (with at least six hours in the field)
    b. One week
    c. Your lifetime (all birds observed by you since you began birding to date)
12. Make a list of ten species of wild birds that you personally have positively identified by sound out of doors, and describe or imitate these bird sounds as best you can.
13. Lead a group in a bird observation walk or tell two Bible stories in which a bird was significant.
